

## TEACHING TRADE

### Fair Trade Resources for Teachers

#### OXFAM

Oxfam has a wide range of teaching resources on trade available at [www.oxfam.org.uk/education](http://www.oxfam.org.uk/education)

##### Go Bananas

Ages 7-11

Follow the journey of a banana from the Caribbean to the UK. The resource includes a photo gallery and gives a detailed example of how food grown overseas passes through many hands, stages and processes from planting to eating, and also highlights who makes money from the process.

Available to download free at [www.oxfam.org.uk/education](http://www.oxfam.org.uk/education)

##### Find your Way through Trade

Levels 1-2

These lesson plans help students to understand the basic principles of global trade. Starting with everyday items the lessons explore where items actually come from and how they reach us. The resource also gets students thinking about global trade rules and who benefits from them.

Available to download free at [www.oxfam.org.uk/education](http://www.oxfam.org.uk/education)

#### FAIR TRADE ASSOCIATION

The Fair Trade Association has a range of resources available including teaching units, powerpoint presentations and leaflets. For more information, visit [www.fairtrade.org.nz](http://www.fairtrade.org.nz)

##### Taking a Journey Into Trade

Levels 1-2

Follow Aroha as she learns what trade is, where the ingredients in her chocolate bar come from and what she can do to help make trade fair. A student friendly, interactive booklet with accompanying powerpoint presentation.

Available to download free at [www.fairtrade.org.nz](http://www.fairtrade.org.nz)

##### Fair Trade For all

Years 7-8

A teaching resource to introduce students to international trade and fair trade – with a focus on chocolate and coffee.

Available to download free at [www.fairtrade.org.nz](http://www.fairtrade.org.nz)

#### TRADE AID

Trade Aid has a range of resources available for use in the class room, including teaching units and teacher activity booklets. For a full listing, visit [www.tradeaid.org.nz](http://www.tradeaid.org.nz)

##### Evaluating TRADE through a 'FAIR' lens

Levels 3-8

A Social Sciences Unit which attempts to take students through a process where they evaluate basic aspects of global trade based on their individual values, and how they interpret the word 'fair'.

Available to download free at [www.tradeaid.org.nz](http://www.tradeaid.org.nz)

##### Toys and the Environment

Levels 1-5

A Social Sciences Unit about the impact of toys on the people who make them and the environment.

Available to download free at [www.tradeaid.org.nz](http://www.tradeaid.org.nz)

### **Environmental Justice**

Levels 2-5

A Social Sciences Unit aimed developing the following understandings:

- that the poor are more vulnerable than the rich to changes in the environment
- that what we choose to buy and consume affects our carbon footprint
- that how we choose to act can have a positive impact on the global community
- why does being rich or poor make a difference to the way you may be impacted on by environmental degradation?

Available to download free at [www.tradeaid.org.nz](http://www.tradeaid.org.nz)

## **GLOBAL FOCUS**

### **Fair Trade?**

Years 11-13

The popular Fair Trade? resource kit is ideal for looking at the processes behind global trade and how our food gets to our table. Comes with the DVD "A few pesos more".

Available for \$45 from [www.globalfocus.org.nz/edservices](http://www.globalfocus.org.nz/edservices)

### **Jeans and Trade**

Years 11-13

An interactive CD-rom to support teaching and learning about fair trade through the lens of jeans.

Available for \$40 from [www.globalfocus.org.nz/edservices](http://www.globalfocus.org.nz/edservices)

## **GO GLOBAL**

This is a searchable database of teaching resources on international development issues available from New Zealand NGOs [www.goglobal.org.nz](http://www.goglobal.org.nz)
